SUBJECT INDEX TO VOLUME 128

Acidosis, diabetic
  following phenformin intoxication (Strauss & Sullivan), 278
Alcohol intoxication
  recovery time after prolonged use of (Allen et al), 158
Alcoholism
  recovery time after prolonged alcohol intoxication (Allen et al), 158
Arterial diagram (Trimble, I. R.), 132

Bilirubin
  in newborn infants (Hardy & Peeples), 265
Birth weight
  gestational age and, (Cushner & Mellits), 252
Bladder surgery, gynecologic
  suprapubic catheterization following (Baggish & Hutchinson), 89
Blood flow, cerebral
  and oxygen consumption (Pevsner et al), 134
Blood group incompatibility
  and immunoglobulin levels (Cohen & Mellits), 318
Bone and bones
  the von Kossa stain as clue to composition of bone mineral, 194
Bone mineral
  the von Kossa stain as clue to composition of (Bills et al), 194

Catheterization, suprapubic
  following gynecologic bladder surgery (Baggish & Hutchinson), 89
Cerebrovascular circulation
  on-line technique in cerebral blood flow and oxygen consumption (Pevsner et al), 134
Child Health Services
  pediatrician efficiency systems analysis of (Sims, N.H.), 30
Chromosome aberrations
  A D/E (13-15/17-18) translocation chromosome in infant with 45 chromosomes (Borgaonkar et al), 282
Chromosome abnormalities
  human Y chromosome (Laberge & Gagne), 79
  human fluorescence (Borgaonkar & McKusick), 75
  45 chromosomes in infant, including A D/E (13-15/17-18) translocation chromosome (Borgaonkar et al), 282
Clubbed fingers
  in Hodgkin's disease (Mullins & Lenhard, Jr.), 153

Collaborative Perinatal Project
  Johns Hopkins
    Part I, 237
    Part II, 297
    Part III to appear in volume 129, No. 1, July 1971, p 1
Complement system
  inborn and acquired abnormalities of (Austen, K. F.), 57
Comprehensive health care
  an expanded Hopkins mission (Rogers, D. E.), 1
  research and development in new health care programs, 1, 4, 9, 15, 24, 30
Comprehensive health planning
  financing innovative health care programs in poverty areas (Blendon, R. J.), 24

Delivery of health care
  low hospitalization rate and high office use the first year in Columbia (Peterson, M. L.), 15
Diabetes mellitus
  and phenformin intoxication (Strauss & Sullivan), 278
Digital clubbing
  in Hodgkin's disease (Mullins & Lenhard, Jr.), 153
Down's syndrome
  evaluation of dermal patterns (Borgaonkar et al), 141
  preliminary analysis based on frequencies of patterns (Borgaonkar et al), 141

Education, medical
  teaching ophthalmology today and tomorrow (Paton, D.), 208
Endocarditis, subacute bacterial
  in a child (Danilowicz et al), 45
Esophageal diverticula
  case studied by cine-manometry (Coburn, Jr. et al), 41

Fluorescent dyes
  quinacrine mustard solves length variations of human Y chromosome (Laberge & Gagne), 79
Follow-up studies
  in perinatal care (Dallas, J.), 244
  in neonates with hyperbilirubinemia (Upadhyay, Y.), 273
Forthcoming special events, 53, 110, 165, 234, 295, 369

Healing process
the integrity of in relationship of patient, physician and clergyman (Beers, R. F., Jr.), 289
Heart rate
observations on relation of heart rate, life span, weight and mineralization in genetically standardized A/J mouse (Coburn et al), 169
Heart septal defects, atrial
in a child (Danilowicz et al), 45
Heart surgery
mitral annuloplasty in a child (Danilowicz et al), 45
Hodgkin's disease
digital clubbing in (Mullins & Lenhard, Jr.), 153
Hyperbilirubinemia
in full-term neonates (Upadhyay, Y.), 273

Immunoglobulins
cord serum levels (Hardy, J. B.), 297
(Mellits, E. D.), 306
blood groups incompatibility (Cohen & Mellits), 318
Insurance, health
prepaid group practice
the Columbia experience (Gaus, C.), 9
Insurance, health prepayment plans
causes of retarded growth in Heyssel, R. M.), 4

Intelligence
maternal intellectual functioning (Odell, L. M.), 362
Intracellular electrolytes
in ordered water (Hazlewood et al), 117

Johns Hopkins Collaborative Perinatal Project
Part I, 237
Part II, 297
Part III to appear in volume 129, No. 1, July 1971, p 1
Johns Hopkins Medical Society Meeting
Oct. 5, 1970, Research and development in new health care programs, 1-40
Joint diseases
alkaline phosphatase activity of synovial leukocytes (Sowa et al), 84

Lactic acidosis
results of phenformin intoxication (Strauss & Sullivan), 278
Lectures
Stanhope Bayne-Jones (Austen, K. F.), 57
Life expectancy
relation of heart rate in mice (Coburn et al), 169

Manometry
case of subphrenic esophageal diverticulum studied by cine-manometry (Coburn, Jr., et al), 41
Maternal age
and intellectual functioning of offspring (Lobl et al), 347
Mice
genetically standardized, relation of heart rate, life span, weight and mineralization in (Coburn et al), 169
Mitral annuloplasty
ruptured mitral chordae after subacute bacterial endocarditis (Danilowicz et al), 45
Mitral valve insufficiency
in a child (Danilowicz et al), 45
Mongolism
see Down's syndrome
Motion pictures
case of esophageal diverticulum studied by cine-manometry (Coburn, Jr. et al), 41
Muscles
state of water in developing muscle (Hazlewood et al), 117

Obituary and memorial service for Dr. Frank R. Ford.
Frank Rodolph Ford (Chambers, J. W.), 97
Introduction (Nelson, R. A.), 100
Recollections of school days (Martin, L.), 101
As seen by former students and house officers (King, A. B.), 103
As he appeared to his colleagues (Walsh, F. B.), 105
Speaking of Dr. Ford for the field of neurology (McKhann, G. M.), 108
Ophthalmology
teaching today and tomorrow (Paton, D.), 208
Ordered water
in developing muscle (Hazlewood et al), 117
Osmolar concentration
in developing skeletal muscle (Hazlewood et al), 117
Osteoarthropathy, secondary hypertrophic
digital clubbing in Hodgkin's disease (Mullins & Lenhard, Jr.), 153
Oxygen consumption
and cerebral blood flow (Pevsner et al), 134

Pediatrics
pediatrician efficiency, system analysis of (Sims, N. H.), 30
Perinatal care
The Johns Hopkins Collaborative Perinatal Project: A symposium (237-273 and 297-362)

Phenformin–adverse effects
intoxication resulting in lactic acidosis (Strauss & Sullivan), 278
Phosphatase
alkaline activity in synovial leukocytes (Sowa et al), 84
Physician-Patient Relations
the integrity of the healing process (Beers, R. F., Jr.), 289

Quinacrine mustard staining
solves length variations of human Y chromosome (Laberge & Gagne), 79

Skeletal muscle
its relationship to sodium concentration (Hazlewood et al), 117
Sodium
concentration in ordered water in skeletal muscle (Hazlewood et al), 117
Stains and staining
the von Kossa stain as clue to composition of bone mineral (Bills et al), 194
Synovial leukocytes
alkaline phosphatase activity of (Sowa et al), 84

Teaching
ophthalmology today and tomorrow (Paton, D.), 208

Vision tests
vision screening at seven years (Caplan & Montgomery), 261

Water
intracellular, in developing muscle (Hazlewood et al), 117
ordered, in skeletal muscle (Hazlewood et al), 117
state of (Hazlewood et al), 117
comments on physiological significance (Zierler, K. L.), 115
Water-electrolyte balance
in developing muscle (Hazlewood et al), 117

et al),

(Paton,

& Mont-

lewood

l et al),

ce (Zier-

117
